

ORTHODOX

RUSSIAN BAR

HEADING OUR OWN DIRECTION.
BELIEVING IN THE RIGHT CAUSE.

INTRODUCTION

THE IDEA

We strive to promote the culture of drinking cocktails based on spirits from Russia and the former Soviet republics. This is a bright and rightful idea, and we hope you will share it with us.

The bar menu theme is a dedication to the outstanding Russian personalities — artists, poets, writers and composers. Each section is named after a famous man of art and the cocktails inside it are inspired by their works.

Base ingredients are the Russian infusions (vodka, polugar, new make spirit) and the tinctures based on these spirits.

This menu is a brief guidebook into the world of cocktails, and our bar is a place for experiments and creativity.

In other words, we are here to tickle your taste buds and grant pleasant feelings and emotions. We are a team of the true fans and enthusiasts who really believe in what we do.

We are Orthodox!

Each cocktail is a true piece of art created by our bartenders and aimed to inspire people to be more open-minded towards drinking..

SOME RECOMMENDATIONS

We are glad to see you here and hope that this place becomes your favorite. The bar space and interior are designed for you to relax and feel comfortable.

- During your visit you are the essential part of the ORTHODOX bar, you are creating the atmosphere and the environment which we share. Please, leave all the troubles behind and seize the day.
- Regardless of your current mood or the preferences you have, please ask our bartenders any questions or seek advice in case you have difficulties choosing what you like. We are always ready to help.
- We make all our drinks with love and care, so please be patient, it is worth it. Cocktail is a dish and its preparation takes some time.
- Our bar is specialized in cocktails and we encourage you to order them. Nevertheless, we serve other quality drinks with their own history and energy as is. It can be grappa, pisco or mezcal — either one of them is respectable and noteworthy.
